Number of sterilization containers: for loading with MELAstore Boxes	8	3x container (Attention: Observe maximum weight!)	3x container	3x container	4x container	10x container
Cycle times: for a sterilization process (without drying)*	6,5 – 15 min	13 – 28 min	15 – 31 min	15 – 31 min	8 – 21 min	12 – 43 min
Energy saving function: to deactivate the heating and the display between the sterilization processes	•	•	•	•	Ø	•
Conductivity measuring: for automatic testing of water quality	⊘	⊘	•	Ø	Ø	⊘
Integrated documentation interfaces: For log storage via network or data carrier	⊘	⊘	⊘	⊘	Ø	⊘
ProControl: Batch approval and user authentication directly on the device	Vacuclave 305 only	8	8	⊘	Ø	•
Printing of barcode labels: Using an optional label printer	Vacuclave 305 only	8	8	⊘	⊘	⊘
DRYtelligence: for optimum drying results and a reduction in drying time by up to 80 %	Vacuclave 305 only	8	8	⊘	Ø	•
Start time preselection: for an automatic program start at the desired time	8	8	8	8	⊘	8
Maintenance cycles: to ensure the long-term quality	4,000 cycles or 2 years	2,000 cycles or 2 years	2,000 cycles or 2 years	2,000 cycles or 2 years	4,000 cycles or 2 years	4,000 cycles or 2 years

^{*}Time range for minimum load in the Quick S program to maximum load in the Universal B program

The MELAG Autoclave Guide:

Our solutions for steam sterilization in accordance with EN 13060

Pro Line

Our entry-level models as class B or S autoclaves: No matter what your day brings, the Vacuclave 118 / 118 S and Vacuclave 123 / 123 S will give you the peace of mind you need in the reprocessing room.

Maximum reliability:

Due to the unique MELAG quality - Made in Germany

Intuitive operating concept:

Thanks to the Smart-Touch
Display with integrated
documentation

Excellent support:

Through your direct contact persons and our digital tools

Ideal for your budget and instruments with class B and class S autoclaves

Prime Line

Our price-performance champions: The class B autoclaves Vacuclave 318 and Vacuclave 323 combine the highlights of the Pro Line with further innovations for increased performance, outstanding drying results and batch traceability.

High loading capacities: With the Heavy-Duty

With the Heavy-Duty Program for up to 8 kg on 5 trays

Fast cycle times:

Thanks to the algorithmcontrolled DRYtelligence drying

Complete traceability:

With user authentication, batch approval and label printing function with MELAprint 80

Premium-Class

The benchmark for maximum efficiency: Our Class B autoclaves of the Evolution series are faster than ever before. Thanks to the Double-Jacket Technology, you sterilize twice as fast.

Record cycle times:

Due to the patented Double-Jacket Technology

Highest loading capacities: Of up to 9 kg

Instruments on 8 trays

High performance

For power users with extended maintenance cycles
